EDUCATION

3.0 GPA

Florida A&M University

Bachelor of Science in Computer Science

Tallahassee, FL

Aug. 2023 – Dec. 2024

Florida A&M University

Bachelor of Science in Interdisciplinary Studies

Tallahassee, FL

Aug. 2019 – May 2023

EXPERIENCE

Distributed Computer Systems Specialist

Florida Department of Agriculture and Consumer Services

Feb 2024 – Present

Tallahassee, FL

- Delivered first-level desktop support, resolving software and hardware issues for the Department of FNW, boosting IT infrastructure.
- Enhanced operational efficiency and user satisfaction through proactive maintenance of desktops and laptops, and excelled in customer service and technical troubleshooting with Service Desk+ for ticket tracking and task execution, ensuring a safer, efficient workplace.

Undergraduate Research Assistant

Florida A&M University

Sept. 2023 – Dec. 2023

Tallahassee, FL

- Orchestrated a user interface design study using HTML, CSS, and JavaScript, managing user testing to collect key data on user experience impacts
- Compiled and delivered a comprehensive report on effective UI design, offering actionable recommendations and demonstrating analytical and communication proficiency

PROJECTS

Peakable | *HTML, CSS, JavaScript*

Nov. 2023 – Present

- Initiated 'Peakable,' a full-stack project aiming to breakdown long-term goals into manageable sprints with AI assistance. Oversaw the complete SDLC, integrating OpenAI's API for intelligent goal optimization. Focused on a user-centric design, enabling dynamic goal input and automated sprint planning, facilitating a personalized goal achievement journey."

Connect-Ability | *HTML, CSS, JavaScript, Figma*

Jan. 2024 – May 2024

- Led 'ConnectAbility' a full-stack project to enhance connections for people with disabilities, overseeing the SDLC with Agile and Scrum, including Firestore database design. Ensured data integration and rigorous testing with JSON, and utilized use cases and ERD diagrams for a robust app architecture.

Portfolio | *HTML, CSS, JavaScript*

Aug. 2023 – Present

- Developed an interactive personal portfolio website to showcase my software engineering skills and projects effectively showcasing expertise in various technologies
- Ensured a responsive design for cross-device accessibility and optimized performance for fast loading times, providing a seamless user experience

CAMPUS INVOLVMENT

Activities: Florida A&M University Football, National Society of Black Engineers, Google Developers Student Club (Liason), Black Data Processing Associates
