EDUCATION

B.S Computer Science

May '25

Florida A & M University | Tallahassee, FL

PROJECTS

Portfolio

- Curated a collection of web development and software engineering projects
- Demonstrated skills, creativity, and passion for creating interactive and user-friendly digital experiences
- Proven problem-solving abilities
- Committed to delivering high-quality solutions
- Maintained an online portfolio showcasing project examples and mastered technologies

Calculator Web App

- Designed and developed a responsive web-based calculator application
- Used HTML, CSS, and JavaScript to create the application
- Implemented core mathematical operations: addition, subtraction, multiplication, and division
- Focused on user-friendliness and efficiency in equation solving
- Utilized modern web technologies for an interactive and visually appealing UI

ATM Simulation

- Developed a comprehensive ATM simulation system in C++, demonstrating strong programming skills..
- Utilized object-oriented principles for code maintainability.
- Successfully recreated real ATM interactions, showcasing practical software development expertise.
- Highlighted problem-solving abilities in resolving project challenges.

EXPERIENCE

Chic-Fil-A (Stockbridge, Ga)

Jun '16 - Mar '19

Team Member

- Provided exceptional customer service, warmly welcoming and serving customers..
- Managed front counter efficiently, processing orders and handling cash transactions.
- Expertly prepared and cooked menu items with meticulous attention to quality and safety.
- Collaborated effectively with kitchen staff, ensuring smooth operations during high-demand periods.
- Demonstrated strong attention to detail in food preparation and inventory management.

RELEVANT COURSEWORK

- Object Oriented Concepts (C++)
- Data Structures
- Web Programming & Design
- Database Management
- Computer and Network Security
- Program Data & File Structures
- Discrete Structures
- Data Comm
- Public Speaking

TECHNICAL SKILLS

- C++
- Python
- HTML
- CSS
- JavaScript
- Java

KEY SKILLS

- Communication
- Leadership
- Critical Thinking
- Teamwork
- Continuous Learning
- Organizational Skills

CLUBS & ACTIVITIES

- Florida A&M University Football
- National Society of Black Engineers
- Google Developers Student Club (Liason)
- Black Data Processing Association
